Preface xiii

1 Introduction 1

What is a Course Management System? 1

Why Should You Use a CMS? 3

What Makes Moodle Special? 4

Free and Open Source 4

Educational Philosophy 5

Community 5

Feature Comparison 6

2 Moodle Basics 7

Getting Started 7

The Moodle Interface 8

Languages 9

Moodle's Help System 9

Creating an Account 10

Editing Your User Profile 11

A First Look at a Course 15

Course Formats....19
Editing Mode....25
Adding Content to a Course....29
Summary....31

3 Creating and Managing Content....33

Adding Content to Moodle....33
Compose a Text Page....34
Adding a Web Page....35
Window Options....36
Create Link to File or Web Site....37
Uploading Other Documents....37
Adding a Directory....39
Creating Links to Other Web Sites....40
Parameters....41
Managing and Updating Your Content....42
File Area Tools....42
Tracking Versions....44
Effective Content Practices....45
File Formats....45
Reducing File Sizes....47
Creative Content....48
Summary....50

4 Using Forums, Chats and Dialogues....51

Forums....52
Forum Options....53
Managing Forums....58
Effective Forum Practices....60
Creative Forum Uses....61
Chats....63

Creating Chats 63
Using Chats 65
Effective Chat Practices 66
Creative Chat Practices 66
Dialogues 66
Creating Dialogues 67
Using Dialogues 68
Effective Dialogue Practices 69
Summary 69

5 Quizzes 71

How to Create a Quiz 72
Creating the Quiz Body 72
Creating Questions for a Quiz 74
Importing Questions 84
Adding Questions to a Quiz 85
Managing Quizzes 88
Effective Quiz Practices 90
Quiz Strategies 90
Creative Quiz Uses 91
Quiz Security and Cheating 93

6 Workshops 95

How to Create a Workshop 96
Adding a Workshop 96
Creating Scoring Guides 99
Uploading Example Assignments 103
Managing Workshops 105
Workshop Phases 105
Effective Workshop Practices 111
Creative Workshop Practices 112

7 Assignments and Exercises 115

Assignments 115

How to Create an Assignment 116

Managing Assingment Submissons 117

Effective Assignment Practices 119

Exercises 120

How to Create an Exercise 120

Managing Exercises 122

Effective Exercise Practices 125

Summary 125

8 Journals 127

Creating Journals 128

Managing Journals 130

Effective Journal Practices 132

Journal Basics 132

Creative Journal Practices 133

Summary 135

9 Glossaries 137

Creating Glossaries 138

Using the Glossaries 140

Adding Entries 141

Glossary Categories 143

Autolinking 143

Importing and Exporting Glossaries 144

Commenting on Entries 145

Printing a Glossary 145

Effective Glossary Practices 145

Glossary Basics 146

Creative Glossary Strategies 146

Summary 147

10 Lessons 149

Creating a Lesson 150

Managing Lessons 155

Effective Lesson Practices 155

Branching Quizzes 155

Flash Cards 157

Creative Lesson Uses 158

11 Wikis 161

Creating Wikis 162

Managing Wikis 164

Creating Wiki Pages 164

Administering a Wiki 167

Effective Wiki Practices 169

Wiki Basics 169

Creative Wiki Practices 169

12 Grades and Scales 171

Using Grades 172

Adding Manual Assignments 172

Downloading Grades to a Spreadsheet 173

Creating Scales 174

Effective Grade and Scale Practices 175

Grade Practices 176

Scale Practices 176

13 Managing Your Class 177

Managing Users 177

Adding Students and Teachers 178

Removing Students 179

Managing Enrollment 179
Student Groups 180
Backups 182
Restoring and Copying Courses 183
Logs 185

14 Surveys and Choices 187

Creating Surveys 187
Administering Surveys 189
Creating Choices 190
Administering Choices 191
Using Surveys and Choices 192

15 Putting It All Together 193

What is a Learning Environment? 194
Course Design Patterns 195
Introductory Survey Courses 196
Skills Development Course 198
Theory / Discussion Course 199
Capstone Course 200

16 Moodle Administration 201

Configuration 201
Site Variables 202
Site Settings 206
Themes 207
Module Settings 207
Blocks 207
Filters 207
Backup 208
Editor Settings 210
Users 210

Authentication 210
Add and Edit User Accounts 211
User Roles 212
Courses 214
Creating Course Categories 214
Creating Courses 215
Logs 215

Index 217
